Stop whatever you're doing. Stop jabbering. Stop stuffing your pie hole. Stop pinching your loaf, makeup, dork or fat for a moment. and get up off your ass or whatever and go look at yourself in the mirror. For most of you this won't be a difficult task, for others it may be a bit more stressful, but all the same, just fucking do it.

Now that you're there, squint your eyes and focus way back, if you can; if you dare. For you Thirty*Something* readers such as myself, or for those who may be way older, slice twenty-one years off and open your eyes scary wide. What do you see? How were you then? How was life?

Twenty-one years ago disco had just begun. Gay bars were the largest and fastest new start operations across the nation. The gay movement, albeit under fire by Anita, was far reaching and a garnering respect as an omnipresent politically active, well organized movement. There were no serious health concerns that anyone was aware of, save perhaps a nasty bout of clap or nasty, itchy crabs. The baths were the place to head when you needed some fast, anonymous action; and most importantly, twenty one years ago this month the very first issue of *Blueboy* hit the stands. Although I was neither around this scene nor of age for the first issue, I do recall what a serious impact this magazine had on me when it came into my life, and I have to admit that becoming the publisher of this once and now again fine title was a challenge I was fiercely determined to command.

I can't begin to express how excited I am to be part of this new generation of *Blueboy*. There are so many new things we're about to unleash upon you, our readers, that I can't wait to get your response, suggestions, pros and cons. Now it's time to open your eyes again. You're 21 years older and so are we. So get serious, get naked and get to it!

À LA PSSST PAR...FLO ANTHONY

FLO - I had been playing telephone tag with O. J. Simpson for two weeks when we finally caught up each other. I asked him if I could do a television and print interview with him.

SEZ O.J. - "Well, why don't you come over tomorrow and we'll talk about it? How about noon?"

Tomorrow at noon. I was finally going to speak with O. J. Simpson for the first time in person since 1992 or '93. Once I arrived at O. J.'s house, I couldn't hold my curiosity any longer.

SEZ FLO - "Are you really going to settle this case with the Goldmans and Browns?"

SEZ O.J. - "Hell, no. I would rather be penniless and homeless in the streets before I would give those people one voluntary penny. My attorneys keep telling the press 'no' and somehow they keep writing that there's a settlement in the works. I think the problem is that once they saw my financial statements and realized that I'm broke, they started to worry about their own legal fees. But I look at things this way. This is the third phase of my life. The first was being a kid growing up in the projects. If I lose all of this today, I will know how to survive. The second was Marguerite and Nicole, the football and fame, and now this. Perhaps this is what God had destined for me."

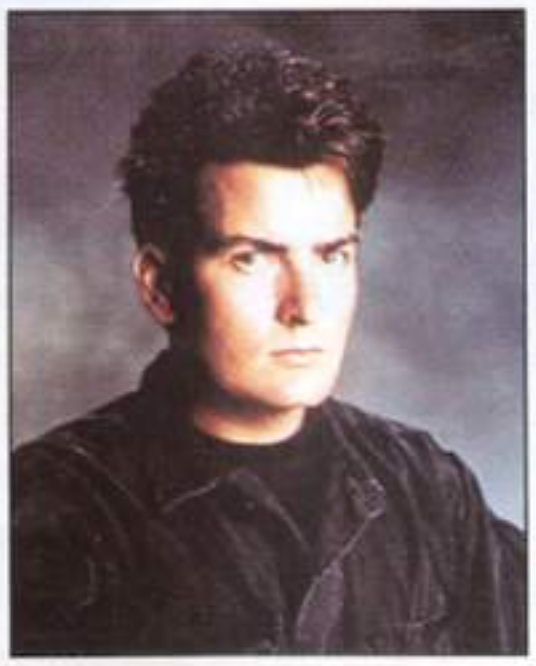
It's a celebrity baby boom! First, Melanie Griffith wants to give Antonio Banderas one more child past the one that she's carrying. And, Roseanne is trying for another bambino with her houseboy, husband, Ben Thomas. To round things out, Woody Harrelson and his girlfriend are rumored to be expecting their second child. She's hoping this will warm up the former "Cheers" star's cold feet and move him towards the altar.

The most unusual sight at the Brit Awards in London had to be David Bowie in stilettos. "I learned to walk in high heels over 25 years ago," said the flamboyant rock star. "They're Katherine Hammett's new line - lovely, aren't they?"

The latest power couple break-up of Halle Berry and David Justice has the sports and entertainment world abuzz with rumors. Everyone is shouting "Why?" Tongues are wagging at Halle, who is as gorgeous on the inside as she is on the outside, got fed-up with her estranged husband's womanizing ways. Says a source: "There is talk that David has had a girlfriend who is an exotic dancer the entire time that they've been married. A friend mine saw her in Las Vegas around a month after he married Halle. When he asked her what she was doing there, she replied: 'I'm here with David.' He never actually saw them together though." The source also claims that she ran into the dancer last summer in Martha's Vineyard, and she introduced herself as David's girlfriend. If any of this is true, I don't understand why the superstar baseball player blew a homerun for what is obviously a pop fly.



That was Martin Sheen that shoppers saw entering Heidi Fleiss' store in Santa Monica's Third Street promenade. "He was there on behalf of his son Charlie, " says a source. "Martin told Heidi that Charlie felt bad about his immunity deal

"If Madonna Calls, Tell Her I'm Not Here."

with the D.A. and he was sorry that she most likely will have to do time." Talk about being a Monday morning quarterback.

Madonna and her longtime pal, deejay Junior Vasquez, have parted company. In fact, Junior's so through with the Material Girl that his next record is entitled: "If Madonna Calls, Tell Her I'm Not Here." Says a source: "The record comes out in April." It actually has Madonna's voice on it leaving a message on his answering machine." I bet that's one call that doesn't get returned.

Let's hope that Paul Sorvino and James Woods are burning up the telephone wires by now. I caught up with the two of them at Hollywood's posh eatery Drai's. Said James: "Give me a call." "I don't have the number," said Paul. "Man, I gave you the number," shouted Paul. "Hey, calm down," said a pal of James.' "He just changed his number and only about seven people have it. Just get the new one." James jotted the digits sown on a piece of paper and Paul stormed off. Must be one hell of a phone call.

There's no love match on George Clooney's Tinseltown block. The "ER" hunk moved into a posh new mansion, and his angry neighbors served him up a petition to ban him from playing late-night tennis on his lighted courts. Seems Georgie-boy and his rowdy pals make such an um, racquet into the wee hours of the morning that the other folks can't get their beauty sleep. But TV top docs vow to volley up!

HE NEEDED IT DEEP...

ENDJOB!

A cab driver in New York City meets all kinds of people onthe job and off. When Bobby met fellow driver Jeffrey one afternoon it was completely innocent, just the beginning of a friendship. But it quickly turned into an unforgettable sexual adventure that turned Jeffrey's life in a totally new direction and wrote a new chapter in Bobby's exciting life.

He was goodlooking, sure, but what mattered was what he had between his legs and how he needed the same rom another man, any other man would do, he was way horny and needed to get his rocks off bigtime...

by Phillip MacMartin

Bjorn could only be described as beautiful, although that isn't a word commonly used for a man. Tall and well built with long ringlets of honey-colored hair, his skin was just touched with a hint of golden coloring. Any more would have ruined his looks. His eyes were dark pools in which one could literally almost drown. He moved with grace, purpose, and obvious athleticism. The crotch of his well-worn jeans bulged with his apparently huge manhood. I fell in love with him the first time I saw him during my junior year at college when he transferred from another school.

Even though he appeared to be completely straight, there was nothing I wouldn't do to be near him. I joined the cross-country team in the fall, the swim team in winter and finally the tennis team in the spring. Unfortunately we never became close friends. We would greet each other when we met and occasionally run into each other when visiting mutual friends, but that was about it.

Meanwhile I jerked off constantly, imagining every possible way to make love to Bjorn.

Finally fate lent a helping hand. We became roommates my senior year. I wasn't sure how things would work out since he seemed so straight and I

"He was constantly reaching down between his legs whenever he had a chance to do so, grabbing hold of his prick and beating-off until he shot his burning hot, white load..."

didn't want him to find out I was gay. It was one thing to lust after him from afar and another to live with him, but I couldn't resist the opportunity to be near him. Since we belonged to the same sports teams I had

"He's great looking, kinda blond, kinda brown headed, smooth and nicely hung. He plays the sleazy blond lover of this rich guy in a video titled *Heat of Passion.* I've never seen him before anywhere and I would love to know if you have any shots on him you'd like to share with your readers."

•••

"Please print pictures of Kurt Young. Ever since I saw him in a video recently I've fallen in love. I wrote to the producers but they didn't respond. I need more of Kurt, please, please, please print some shots of him. Or better yet, let me have his address so I could write him a letter and get in touch with him personally. I'd do anything to get my lips on that cock of his."

•••

"To suggest that he's just *hot* would be a gross understatement and a disservice, for that matter. It's not that he's just incredibly good looking, either. He's sexy. He's got an attitude that makes him sizzle. I would be most pleased to find him naked across the pages of your new *Blueboy.* You might even get me as a subscriber. Maybe even for life, give it a try.. His name? Well, he goes by Kurt. Kurt Young. Let's see what you can do for me."

•••

"Recently I was at a party at a friend's house and in one of the rooms he was playing a video which had this guy in it named Kurt Young. I haven't seen him anywhere else besides that video and I would like to know if there were some way you could find some still photographs of him and publish them or feature them, better yet, in your *Blueboy* magazine. If so, please advise. I can assure you that he is so fine, by putting him in your magazine, you will surely enhance sales ten fold.

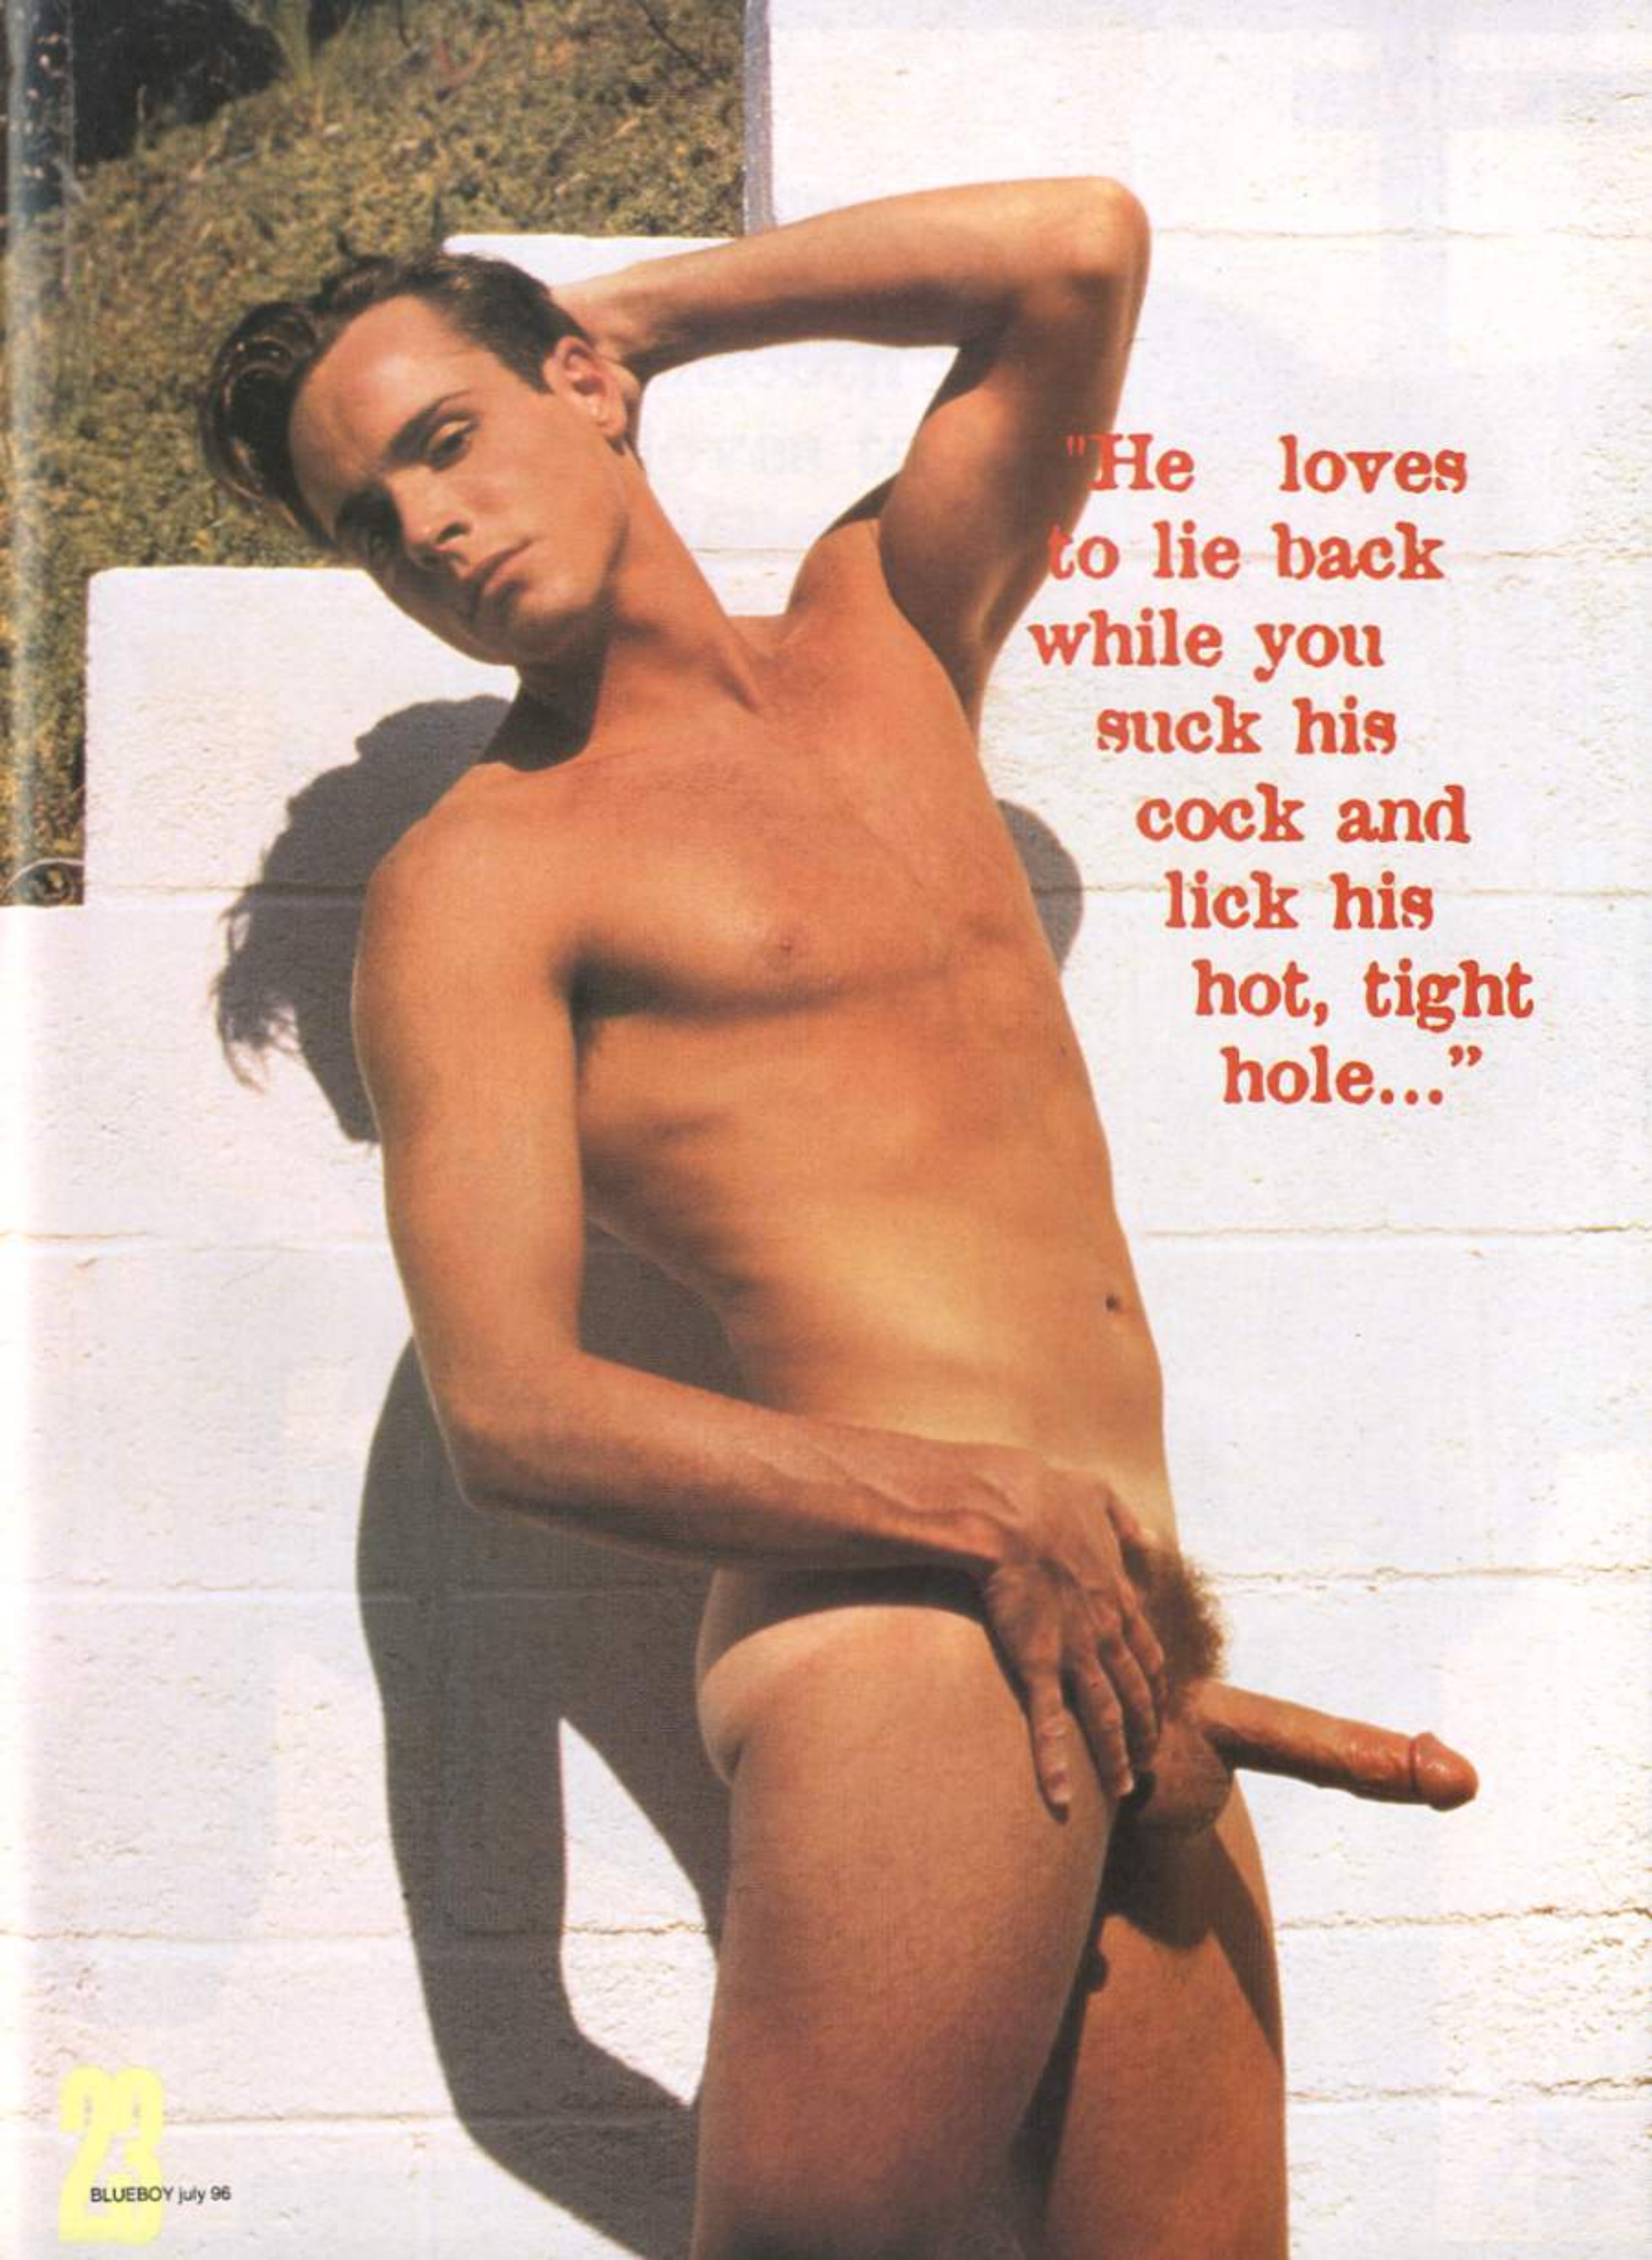
"If you can't get him for a layout, maybe you could send him along this letter (I've already sent one to the video company in hopes of meeting Kurt.)

"Your attention to this matter would be greatly appreciated."

•••

"I have been with my lover for five years. I have never so much as purchased a magazine like *Blueboy* since we've been together, but, the other night my lover and I had a fight. I decided to go out to a bar in the West Village (Manhattan) and found this place that was showing videos. It was quite an experience, buying drinks and sitting at the bar watching guys fucking right in front of you like that. It was a great turn on. But then I took a look around the place and noticed that my lover had followed me down there and was sitting at the other end of the bar with his eyes glued on the screen. He was watching this video where this couple has a lot of money and they start fucking around with the houseboy and all. He was so hot for this one guy in the video that he made them tell him the name of the guy and the name of the video right there and he wrote it down.

"We got things straightened between ourselves and we're back with each other and very happy. Especially since my lover took the time to find that video and has since enhanced our sex lives with a hot, smooth porn star named Kurt Young.



"He loves to lie back while you suck his cock and lick his hot, tight hole..."

"He's tall and smooth and loves to be well taken care of..."

often seen Bjorn nude.

He looked like a young Greek god come to life and I wanted nothing more than to fall at his feet and worship his body.

As time went by during my senior year, we became pretty good friends, but I was afraid to make a move for fear it would ruin our relationship, such as it was. I remember sitting up at nights thinking, dreaming, having endless fantasies of him. Thinking about what it would be like to be with him. To be naked with him. To feel his smooth, hard body next to mine and kiss him deeply.

" It was also the most delicious thing I had ever tasted. I savored the remnants on my tongue, licking the inside of my mouth and thinking about that fat, thick cock shooting off..."

The most I could do was lay around in my underwear and jack off, hoping he would join me.

We lived in an all-male dorm and the school had until a few years before been a men's college. There were only a few women students, so nobody thought twice about getting their rocks off with the aid of their good right hand. Most guys did it since it was a rare occasion to have sex with girls. There was a girl's school nearby, but they generally were just cock teasers. This left the guys with nothing better to do than get themselves off.

I even heard Bjorn pumping his meat under the sheets a few times. It was all I could do to keep from jumping out of my bed and into his. My main ambition, which became an obsession, was to suck his big cock. But fear of rejection kept me from acting on my impulses.

Since Bjorn, with his looks and charm, had little trouble finding the few available girls around, I began to think nothing would ever happen between us. But then one night he came back to the dorm completely wasted on beer. "Girls are such bitches," he exploded as he slammed our door.

"What's the problem, dude?" I asked.

"Oh, Becky just dumped me because I wanted her to blow me! Can you believe it? I mean, what's the big deal?" he said as he started to strip.

He had never looked better to me than he did that moment as he pulled his shirt over his head, revealing his smooth, muscular chest, his big pecs capped by tiny, masculine coral crowns with their always erect nipple protruding from them. His ridged abdominals rippled in the dim lamplight as he kicked off his moccasins and unbuttoned his fly.

I was already hard by the time he started to push his jeans down over his lean hips. I watched hungrily as his massive, hairless thighs came into view, then his muscular calves. When he kicked the jeans effortlessly across the room to land in a heap in their customary corner I couldn't help but notice that the crotch of his briefs was straining to contain his swollen meat.

The tip of my nine inch cock was trying valiantly to escape from the gym shorts I was wearing, The head was peeking cautiously above the waistband before I knew it and I had to hastily cover it with a text book I was holding in my hand. I almost panicked, but he didn't notice.

Bjorn threw himself on his bed, his hand delving into his briefs to fondle his big meat. "I just don't understand what the problem is," he complained. "Girls can be such a pain in the ass!" His hand was now moving in that age old ritual, stroking his cock right in front of me. "I mean what's the big deal?" he continued. "I've done it before. It's nothing to get excited about."

I bolted upright on my bed, in total shock. Bjorn had sucked dick? "You actually sucked some guy off before," I asked cautiously?

"Sure," he grinned, "haven't you?" His hand pushed the waistband of his briefs lower. I could just see the swollen head of his dick sticking out above his tightly gripping hand.

I didn't know what to say. At first I wanted to tell him that was all I dreamed of doing, but I thought maybe I should play the innocent and see where it would take me. "No," I replied slowly. "I've never done it."

Bjorn looked at me steadily for a couple of seconds, then said, "Well, Wes, I think it's time somebody taught you how." With that he stood up and pushed his briefs down his legs, kicking them aside with his usual dexterity. They landed precisely on top of his crumpled jeans. The most beautiful, biggest cock I've ever seen was pointing straight at me. It was at least ten inches long and so thick it made my nine incher look like a little boy's pecker. The flaring, helmet-shaped head was already shiny with precum. As I stared, a drop appeared in his cum slit and fell downward, becoming a silky thread that reached almost to the floor.

The milky white skin covering the shaft was stretched so tight that you could see tiny blue veins pulsing beneath the surface. It tapered to an even broader base that nestled in a small patch of golden curls. His huge balls moved below in a hairless, smooth sac.

"Come here, Wes!" he commanded.

I dropped my book on the bed and stood. I had to obey this young god.

"Well, well. What do we have here?" he said with a smile. He had noticed my hard-on for the first time. Bjorn reached down and felt my throbbing meat through my shorts, then ran his thumb across the crown where it was sticking out of my waistband.

I almost came on the spot. I leaned closer, sighing and found myself in his strong arms, face to face. Our lips met and I melted into him. His thick tongue slipped sexily into my mouth and explored the wet interior while his hands moved softly down my back.

Our tongues continued to battle as he slipped a hand inside my shorts and kneaded my butt, pulling me even closer. Our cocks ground together as our bellies met. We were mouth to mouth, chest to chest, belly to belly, cock to cock. I was in heaven. His touch seemed to set my body on fire. I couldn't believe this was happening. My dreams were finally coming true.

I wanted nothing more than to have Bjorn near me forever. There was nothing I wouldn't do for him. Finally our kiss ended. Bjorn stepped back and pushed my shorts down until they fell around my ankles. My cock leaped out into the space between us, glistening with the precum that had started to ooze out the second we began to

kiss. The shaft was already covered and my pubic hair was shining where it had seeped into it.

I stepped out of my shorts and returned to his embrace. Our crotches again began to grind together as if we were trying to merge both big dicks into one.

When that kiss ended Bjorn put his hands on my shoulders and said, "Suck me, Wes." I stared into his eyes for a moment, then began moving down his wonderful body, my tongue leaving trails of saliva wherever it touched his satiny skin. I licked greedily at his neck, then moved to his erect nipples, taking each in turn between my soft lips and sucking them hard.

Bjorn moaned with excitement, his big hands holding my head and guiding my mouth from one enormous pec to the other. I slipped lower, my tongue exploring every ridge of his steel-hard abdominals, exploring the deep recess of his navel and gliding lower still, over his taut belly until my nose was buried in his soft pubic bush, my chin resting on the hard ledge of his cock as it jutted straight out from his groin.

I was on my knees, looking adoringly up at the man I had lusted after for all those months, still hardly daring to believe that I was about to have my wish come true. I was about to suck his huge cock.

I shifted my eyes to his dick, staring in awe at its tremendous length and thickness. I grasped the shaft with one hand and leaned into it, my lips stretching wide to accept the broad crown. My mouth closed around the head and my tongue swirled rapidly over it, licking up every drop of his sweet tasting precum, savoring his honey.

I felt Bjorn's hands grasp my head as he began to hump his huge meat into my mouth. He fed me more and more of his long, thick cock until my mouth was stuffed full.

I sucked it lovingly, slowly, gradually able to take more and more until the head slipped into my throat and my nose was buried in his pubes. I held it there, letting my throat muscles massage the broad crown while I breathed in his masculine aroma. The odor of his crotch, a mixture of soap and sweat, was like a strong aphrodisiac. My head began to spin as I gobbled his sweet manmeat, my head moving faster and faster, like a precision machine.

Bjorn groaned above me. "Oh, yeah, Wes. Suck it. Oh, yes, take it deeper. Oh, god, that feel's so good!" His hips took on a life of their own, thrusting his manhood deeper and faster into my willing mouth. I finally had to stop, just to catch my breath.

"Oh, please don't stop," he begged. "It feels so good! Please suck me!"

I wrapped a hand around his spit-slick cock and began to stroke it while my mouth sought out his silky ballsac. I lapped it lovingly, then sucked each of his huge nuts into my mouth, one at a time. Bjorn loved it. He began to moan again. "Yes, Wes. Lick my big nuts. It feels good. Oh, yeah. Suck 'em good." His hands grabbed my head and pulled it close against his crotch. My mouth was stuffed with his big balls while my hand continued to stroke his giant dick.

When he loosened his grip on my head I let his balls slip from my mouth and quickly recaptured his cock between my lips. This time I concentrated on just the head. I slid my tongue around and over the silky head, lapping at it, rubbing it until the sensitive nerve endings had it jerking with need in my mouth.

Bjorn's groans got deeper and huskier and I knew he was ready to come. Then I rammed the whole thing down my throat just as he started to shoot. He seemed to cum forever. After the first couple of jolts I backed off enough to capture the balance of his load on my tongue. It was slightly salty. It was also the most delicious thing I had ever tasted. I savored the remnants on my tongue. When he finally finished his cannonade he was as hard as when we started.

"You're the best cocksucker I've ever met," he gasped finally. "Now it's your turn!" He pushed me onto his bed and knelt between my knees. His hand took my cock and held it at the base while his tongue slowly licked up the shaft to the head. His tongue flicked teasingly around and over the swollen head.

"Put it in your mouth!" I begged.

e smiled up at me from his position on the floor between my legs, his full lips revealing his beautiful, even white teeth. Then he dipped his head and sucked my aching dick into his hot, wet, incredible mouth, not stopping until all nine inches were inside, the head lodged deep in his throat and his lips surrounding the thick base. He rolled his eyes up at me as if to ask "Is this what you want?" and then he set to work.

It was obvious that mine wasn't the first cock he'd sucked. That kind of talent and expertise is developed over a period of time. He definitely knew what he was doing and my cock reacted accordingly. His head bobbed up and down rapidly, his tongue swirling and lapping the sensitive head. I was so overcome that there was no question of holding back. His incredible, sucking mouth had me in total control from the minute his lips wrapped around my anxious dick.

Bjorn's mouth was the hottest, wettest ever. "Oh god, yes, oh god, suck me," I moaned. The next thing I knew I was shooting my biggest load ever and Bjorn didn't miss a drop. He sucked my pulsating cock with his wet mouth until my balls were drained. Then he collapsed onto the bed next to me.

I couldn't believe it, but Bjorn was still hard as a rock and so was I. He looked down at our crotches, looked back into my eyes and grinned. "I'm going to fuck your sweet ass until your cross-eyed!" he announced.

He crawled to his knees, threw my legs over his broad shoulders and positioned the thick head of his monster against the puckered hole of my boy pussy. I thought he had split me in two when he suddenly thrust it all the way in, not stopping until his huge cock was buried completely inside my ass and I could feel his pubic bush grinding against my upturned buttcheeks.

The few times I'd been fucked before, the guys had eased their dicks inside. Bjorn couldn't wait to fill my hole with his huge meat. At first the pain was intense. My body felt as if it were totally filled with his monster all the way up to my chest cavity, but once he started fucking, the pain turned into the most unbelievable pleasure I'd ever experienced.

He leaned forward and penetrated my mouth with his thick tongue while his cock began to slowly piston in and out of my stretched hole. I knew then that my ass was ruined for anyone else. Only his

huge cock could ever possibly satisfy me again. I wrapped my arms around his back, my legs around his thick neck and hung on.

He filled me completely with each thrust, burying his meat all the way, his hips grinding and rotating against my upturned butt while his tongue fucked my mouth, penetrating so deep I thought it was his big cock sliding down my throat again.

He would pull his huge meat almost all the way out, leaving an aching void in my ass, then thrust it back in, hard and fast.

"Oh, yes, Bjorn, fuck me! Fuck that hole. Fuck that man slit with that fat, hard nasty cock. Yeas, fuck my pussy...god, yes. Fuck me! Fuck me. Fuck my pussy!" I begged in a sexual frenzy of need and want.

"Yeah, take it, Wes," he grunted. "C'mon, beg for it. You know you love my big cock reaming your ass!

The fucking began to take on a whole new meaning. My hole no longer felt like an ass, it felt like wha imagined a cunt would feel like.

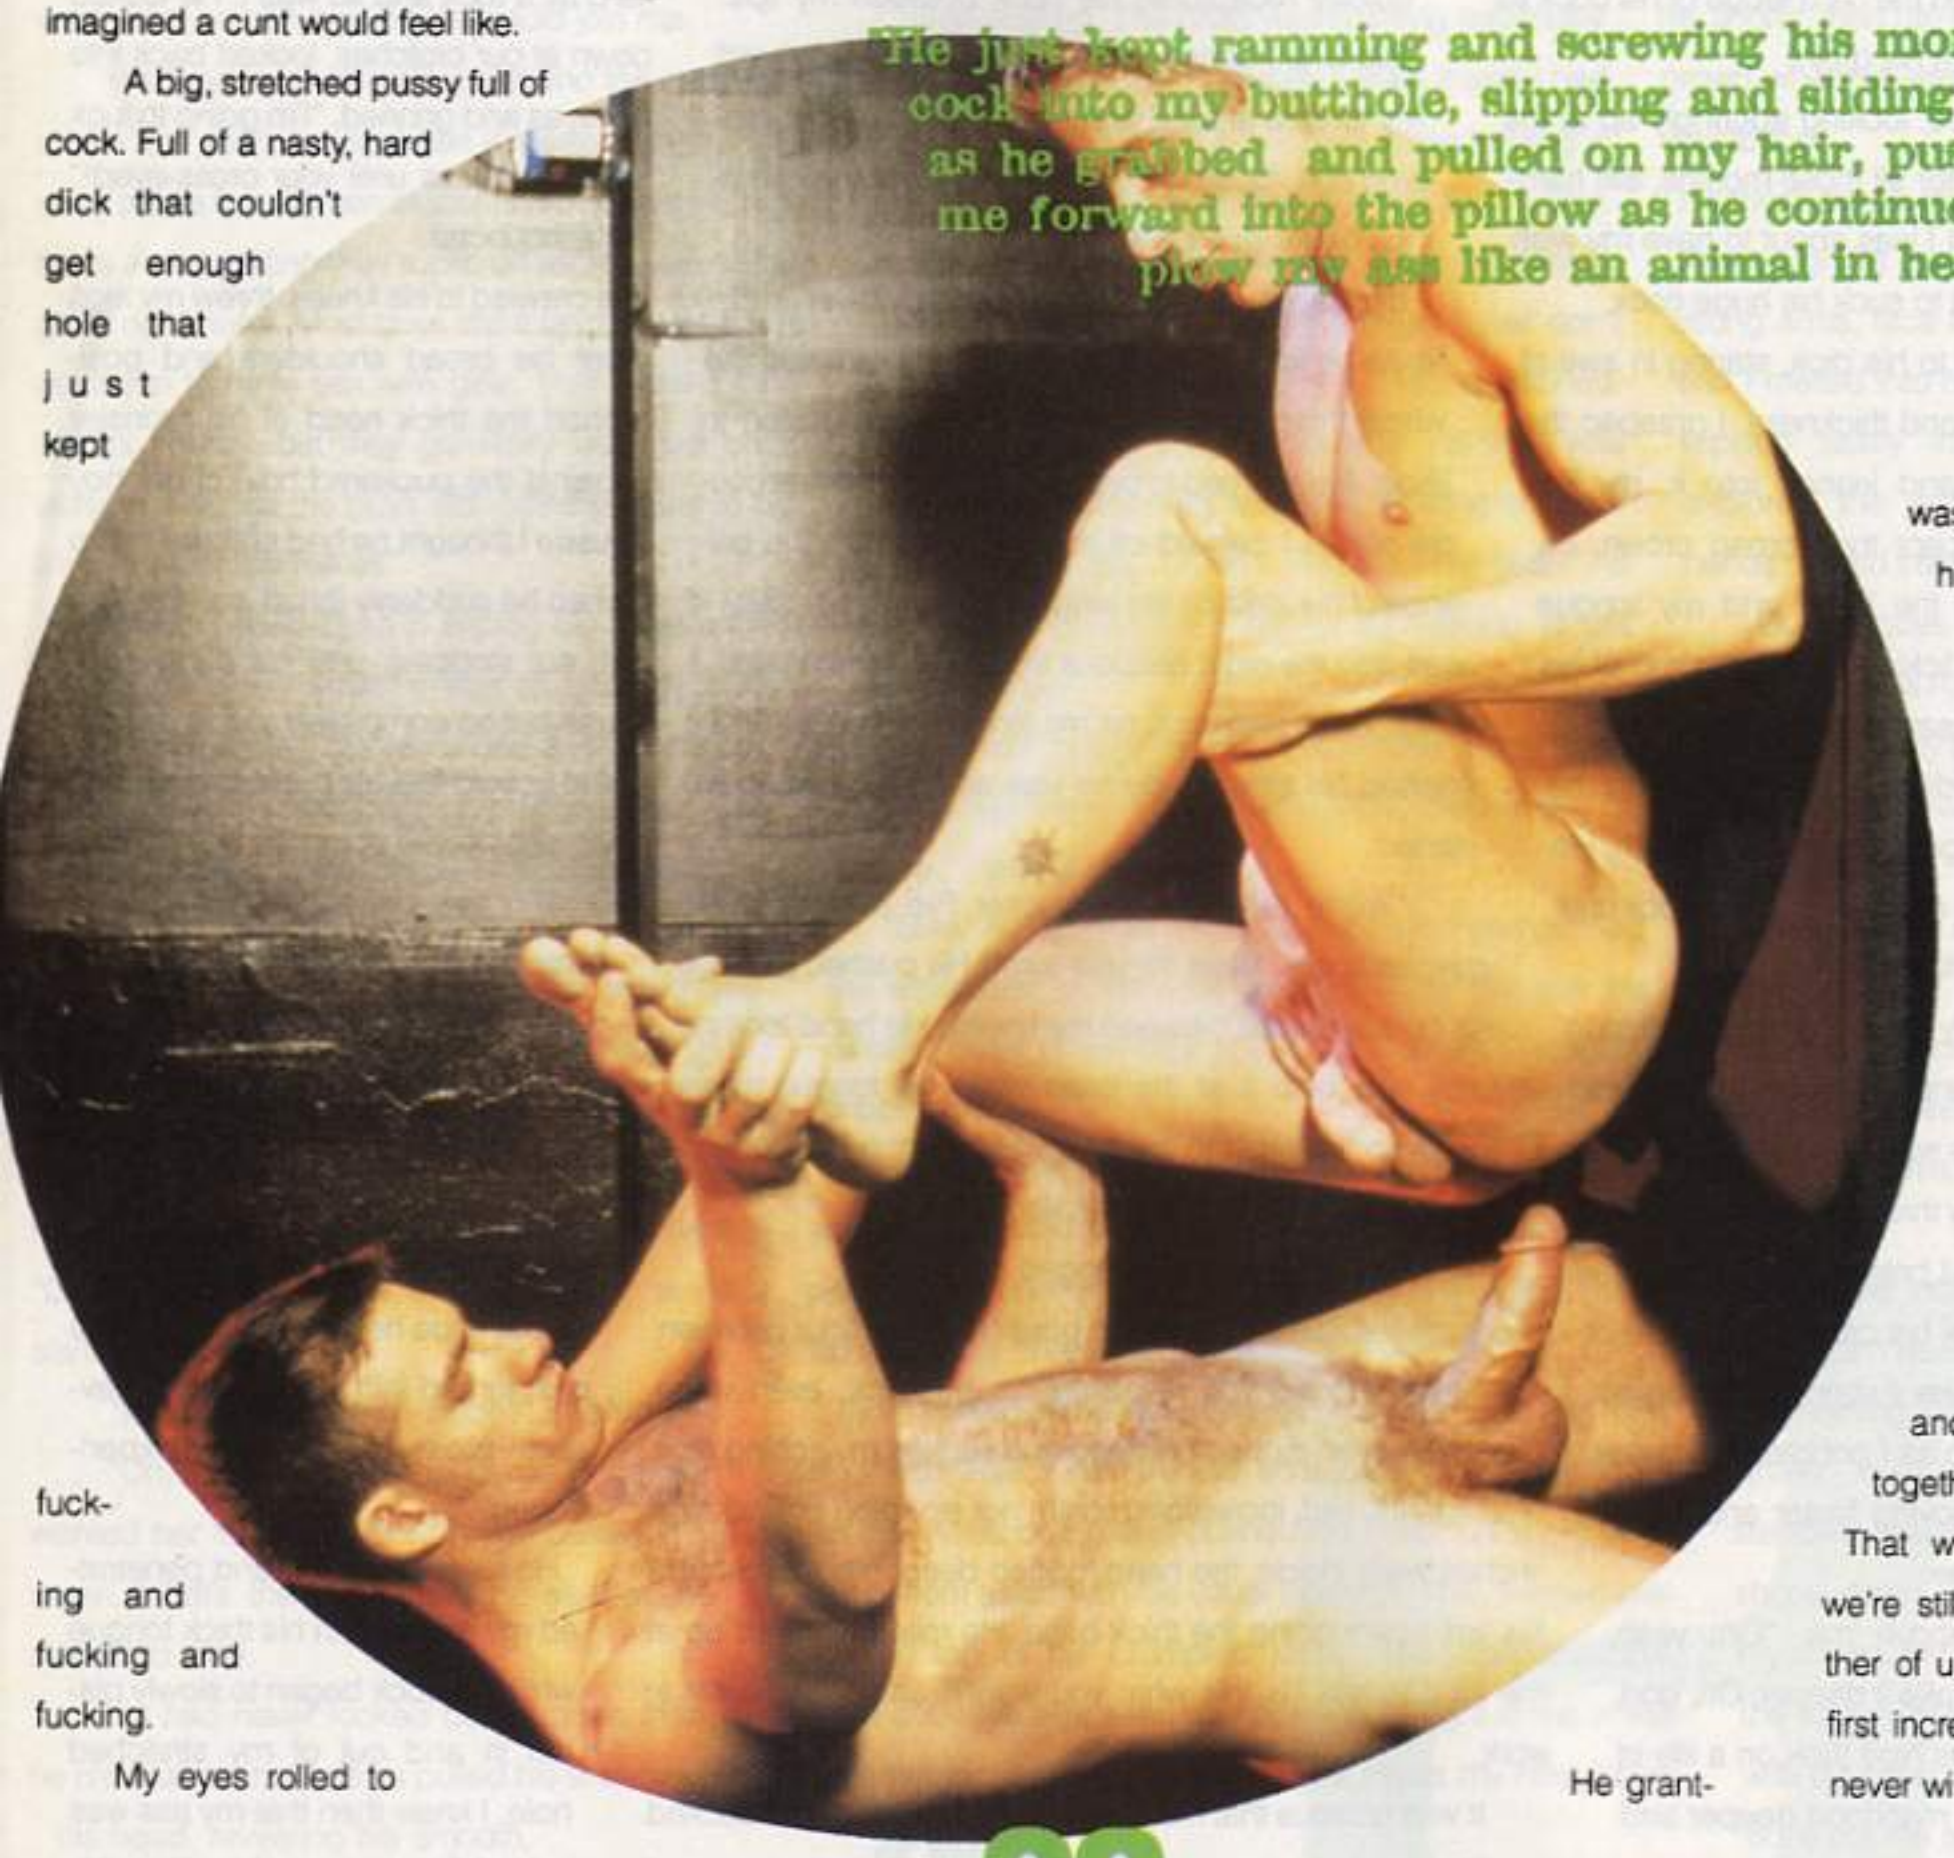
A big, stretched pussy full of cock. Full of a nasty, hard dick that couldn't get enough hole that just kept fucking and fucking and fucking.

My eyes rolled to the back of my head and I reached down between my legs to feel the monster cock slithering and slamming into my sliimy slit. I felt his throbbing, thrashing cock get even harder as he pummeled my butthole.

My own cock grew at the thought of my hole getting fucked by this huge, fierce man.

My butt moved in time with his love tool, lifting to meet his every plunge deep inside me.

I loved the way his pubic hair tickled my asscheeks while he fucked me silly, then sane again. His thrusts became harder and shorter. I knew it was only a matter of seconds before he would fill my willing hole with his man juice. "Come on, shoot! Fill my ass with your hot



"He just kept ramming and screwing his monster cock into my butthole, slipping and sliding into as he grabbed and pulled on my hair, pushing me forward into the pillow as he continued to plow my ass like an animal in heat..."

He granted my wish. His hot cum began to splash inside me like a flood. He filled my hole and kept shooting until it began to leak out of my hole. At the same time Bjorn's orgasm began, so did mine. I had been so caught up in getting fucked by his monster cock that I hadn't even touched myself. The force of his big cock battering my poor prostate was all it took. White hot cum gushed from my hard dick, between our bodies, coating our chests and bellies with my sticky goo.

I had never shot with that much volume or force. It was the most incredible fuck of my life. When it finally ended, Bjorn pulled his slowly deflating cock out of my ass and collapsed on top of me, his mouth seeking mine for one more

It was at at moment I alized I was s slave for life. y soul was his. I was totally id completely in love. There was nothing I could deny him.

Bjorn looked at me with his dark eyes and whispered, "Well, it sure took us long enough to get together.

I'm certainly not going to let you get away now!" We kissed and held each other until we fell asleep in each other's arms.

After college, Bjorn and I went into business together.

That was five years ago and we're still going strong. And neither of us has ever forgotten that first incredible night together. We never will.

the social career climbing secrets and such

by Madd Reid

It's easy being a big bore.

Nobody paying any attention to you, or observing you solely for their own amusement. Your crappy manners. Your sad attempt at handling pedestrian circumstances. Having money doesn't make you automatically a attache of the nose high social cliche. You've got to pay attention to your gut feeling and express yourself wisely. Observe your surroundings and plan ahead when it comes to your social climbing. There really are no secrets. There are just some simple steps you should learn to adapt to promptly and you're half way there.

Secrets of social (and career) climbing

I have always managed, despite my circumstances, to project an image of success and wealth. I knew I had to compete with bright guys with great college records and so I devised a plan to distinguish myself from my contemporaries.

It is simple, but effective. Cut out the so-called necessities and focus on image.

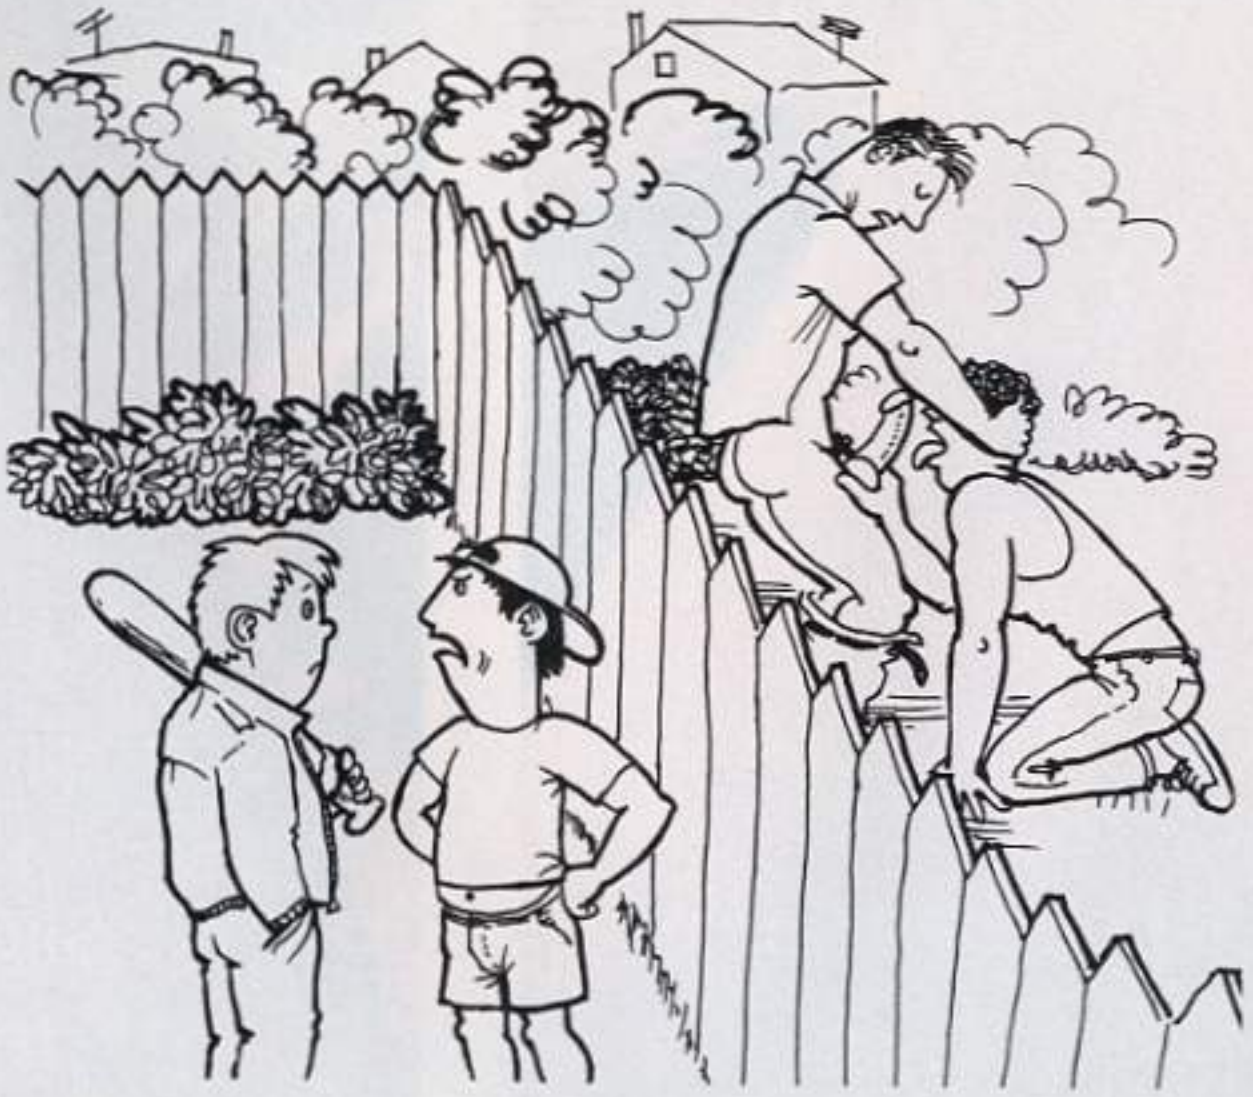
Your goal is to make influential friends who can further your chosen career and your social standing in the world and you must be single-minded in your pursuit.

Gov. Jerry Brown of California said it best in the 70s... "Less is more." Let that be your motto.

Wardrobe is what distinguishes a well-dressed man from the ordinary Joe on the street. Whatever you have in your closet now is probably both wrong and superfluous. Throw it all out and start over. What you need is one good thing.

One good dark suit, charcoal gray or dark blue, that has been properly tailored, will make you look prosperous. A good blazer (Ralph Lauren or Paul Stuart are the best) is the only kind of sport coat for a man on a budget, combined with gray flannel cuffed trousers.

Brooks Brothers shirts, either white



"My dad says he can lick your old man any time!"

broadcloth or striped oxford button-down, about $48, are your best choice, but any all cotton conservative shirt without a second button at the cuff will do. Good ties are expensive and necessary; avoid bargains. Socks should be dark and knee-length; shoes should be brown Bass Weejuns darkened by using both brown and black polish.Eventually you will need a good dinner jacket, but for now your are set to conquer the world.

Yes, it's a uniform and dull. But the trick to dressing for a look beyond your means is to make sure no one is put off by your appearance. Now it's time to get out of the house and start making meaningful contacts. Get on the mailing list of every museum, concert hall and legitimate bookstore in town. Follow any areas of interest that you thought you'd pursue in college. Go to lectures, concerts, attend readings, even if you don't enjoy them at first. You will learn new things and you'll have something to talk about the next day beside a TV show you watched along with millions of others.

Constantly appearing in good clothes in high-culture zones will inevitably lead you to meet interesting people. Some of them will be older and successful. They will live in real houses, give real dinner parties.They will, eventually, include you on their guest lists and you will accept.

It is a tried and true principle of business that more of it is done in social settings than in offices. This is where your efforts will begin to pay off.

Over dinner, instead of talking about your minor job and your petty boss, you will have the opportunity and the ability to converse on the same level as your hosts. You will complete your audition to the big time by offering your thanks properly. Lazy people will call their host or hostess.

You will be among the few who will write a note. And you'll write it twice. A first draft, then a hand penned presentation copy in black or dark blue ink on good stationary. If you can't afford a letter head, go to Tiffany's for packs of 5" by 8" paper that will cost less then $30.

Your note will avoid cliches and focus on what you heard, what you saw, how you were charmed and what a terrific time you had.

I guarantee your host or hostess will remember you and ask you back. You are on your way.

Eventually you will have to reciprocate all of this hospitality, and the people you care about are going to see how you actually live. Don't panic. You *can* cook, because on your rare nights at home you've been trying recipes from solid classic cookbooks like *The Joy of Cooking*. You needn't spend a fortune on wine. Try a Château la Cardonne with a label that proclaims it is administered by "les domaines Barons de Rothschild." It isn't Lafite, but a case sells for less than $100.

Follow the French. They have mastered the art of living beyond their means.

Remember. Social climbing through cultural improvement leads to economic improvement. And that's the point.

"I MUST ADMIT, WHEN YOU SAID YOU LIKED TO EAT PUSSY, I HAD SOMETHING ALTOGETHER DIFFERENT IN MIND!"

"He would hope that, left to itself, the slightest spark which he had communicated would fade."

–Mary Shelley
Frankenstein (1818)

by WILLIAM BELL

Victor Frankenstein, a lineal descendant of the mad scientist written about by Mary Shelley, lives in a massive concrete dwelling nestled like a bunker in the tufted dunes of Long Island. From his rooftop, Victor watches the sea. He bears the family curse. He wonders if his nemesis will come by water or by the two-lane blacktop that connects him to the city. He has guard dogs, floodlights, closed-circuit surveillance, a wall.

Mellow chimes tell Victor a car has entered the grounds. Television screens show Henry Clerval's *Mercedes* gliding up the drive. The car stops. Clerval emerges, followed by a young man. Clerval points to the laboratory entrance.

Victor takes a sip of sherry. He has attempted creation a dozen times with no success. Sometimes monstrous forms were born that had to be extinguished. Each effort gets a letter designation. If Victor succeeds in giving life tonight, the new man's name will be *M*.

The young guest's name is Hector. He is a merchant seaman aged nineteen, perhaps twenty years. And is to be used as the model for the creation. Clerval tells him to undress. He is drunk, unsteady on his feet. Naked, he is beyond flawless, with thick muscles and thick black hair on his head, his pits and his dickbush. Elsewhere smooth and fair. Clerval smiles, a slight bulge wrestling behind his fly.

"Well done, Henry," Victor says. Then, to Hector: "Some of this will be over your head, but you are very fortunate. If you can imagine it, you are going to father a race of men. Like Abraham in the *Bible*."

Hector grins. He thinks Victor's a lune. "What if women don't turn me on?" asks the naked man.

"Matters not," Clerval replies with a matter-of-fact smile drawing attention from his swelling crotch.

"Fluids. We need fluids. A sample of your semen is in order," says Victor professionally.

"Pardon?"

"We're going to grow a man from your fluids. Your seed, as it were," Victor replies. "No women necessary. Nothing to mess things up. Relax. That's your way, isn't it? No women. Your words, sir."

"The semen flows into a tube filled with warm saline solution. One vital spermatozoon leads the pact, pulsing through the warm slime toward the pearlescent light in the chamber..."

A plastic sheath is attahced to Hector's huge cock which thickens even more under the scientist's firm grip, pulsating with electrifying current. The young seaman gasps and steadies himself against a cold stone laboratory table. His hips move. His crack chills from the table and he finds himself spreading his legs in an attempt to work his once virgin hole down to the cold. The sensation is strangely stimulat-

Within the wooden walls of random parlors along Christopher Street, Manhattan's West Village Avenue of Intoxicants, hangs the work of a seasoned man and accomplished artist. Bob Leach through years of aesthetic exposure has spontaneously combusted onto the New York art scene.

Born June 6, 1933 and raised in the Pine Barrens Of New Jersey, Leach's early pursuits gave no inclination to his fated artistry. Leach's father left the urban demand early on in Leach's life moving his family to a blueberry farm in New Jersey. There Leach felt estranged in his new environment. He was taken from the outskirts ofa city that thrived with energy and brought under a

wooded umbrella that only thrived with foliage. Leach found some solace in music and visits from a Gospel singing group that visited his Father's blueberry farm seasonally. There among the notes and acapello Leach could drift into his imagination where he starved for travel. Leach was educated at various schools and even attempted law school before venturing outside the States. Italy, Switzerland, Egypt and Greece; one by one Leach trekked through, absorbing and memorizing his surroundings.

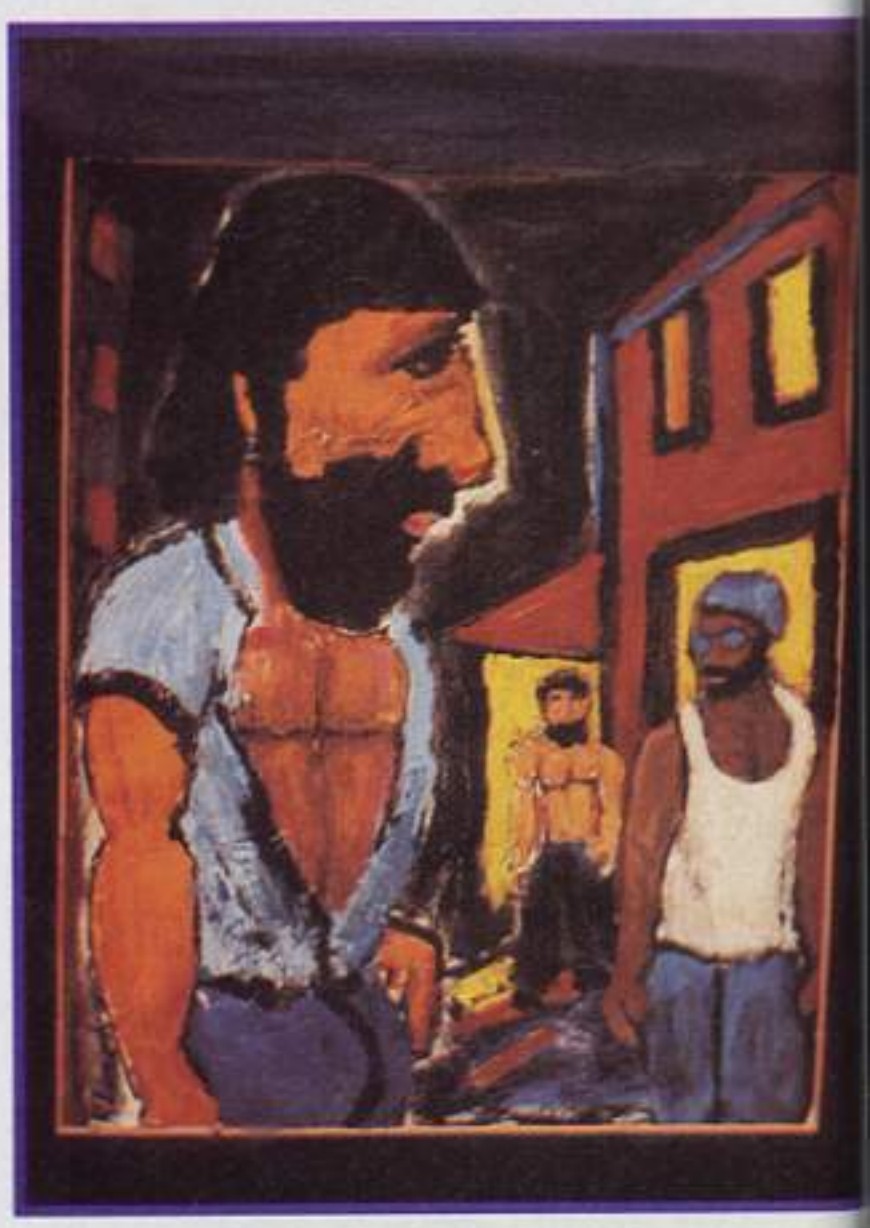
At one point Leach was so taken back by a statue in Florence that he cried. Later on in the Highlands of Scotland along a river bank, Leach tried his hand at painting but hurled his set of paints into the river after becoming frustrated with the mess. Leach assumed that the practical aspect of art was not for him and that he should focus on it in theory. Never again did Leach dare to pick up the brush or pen...until almost 10 years later in New York City.

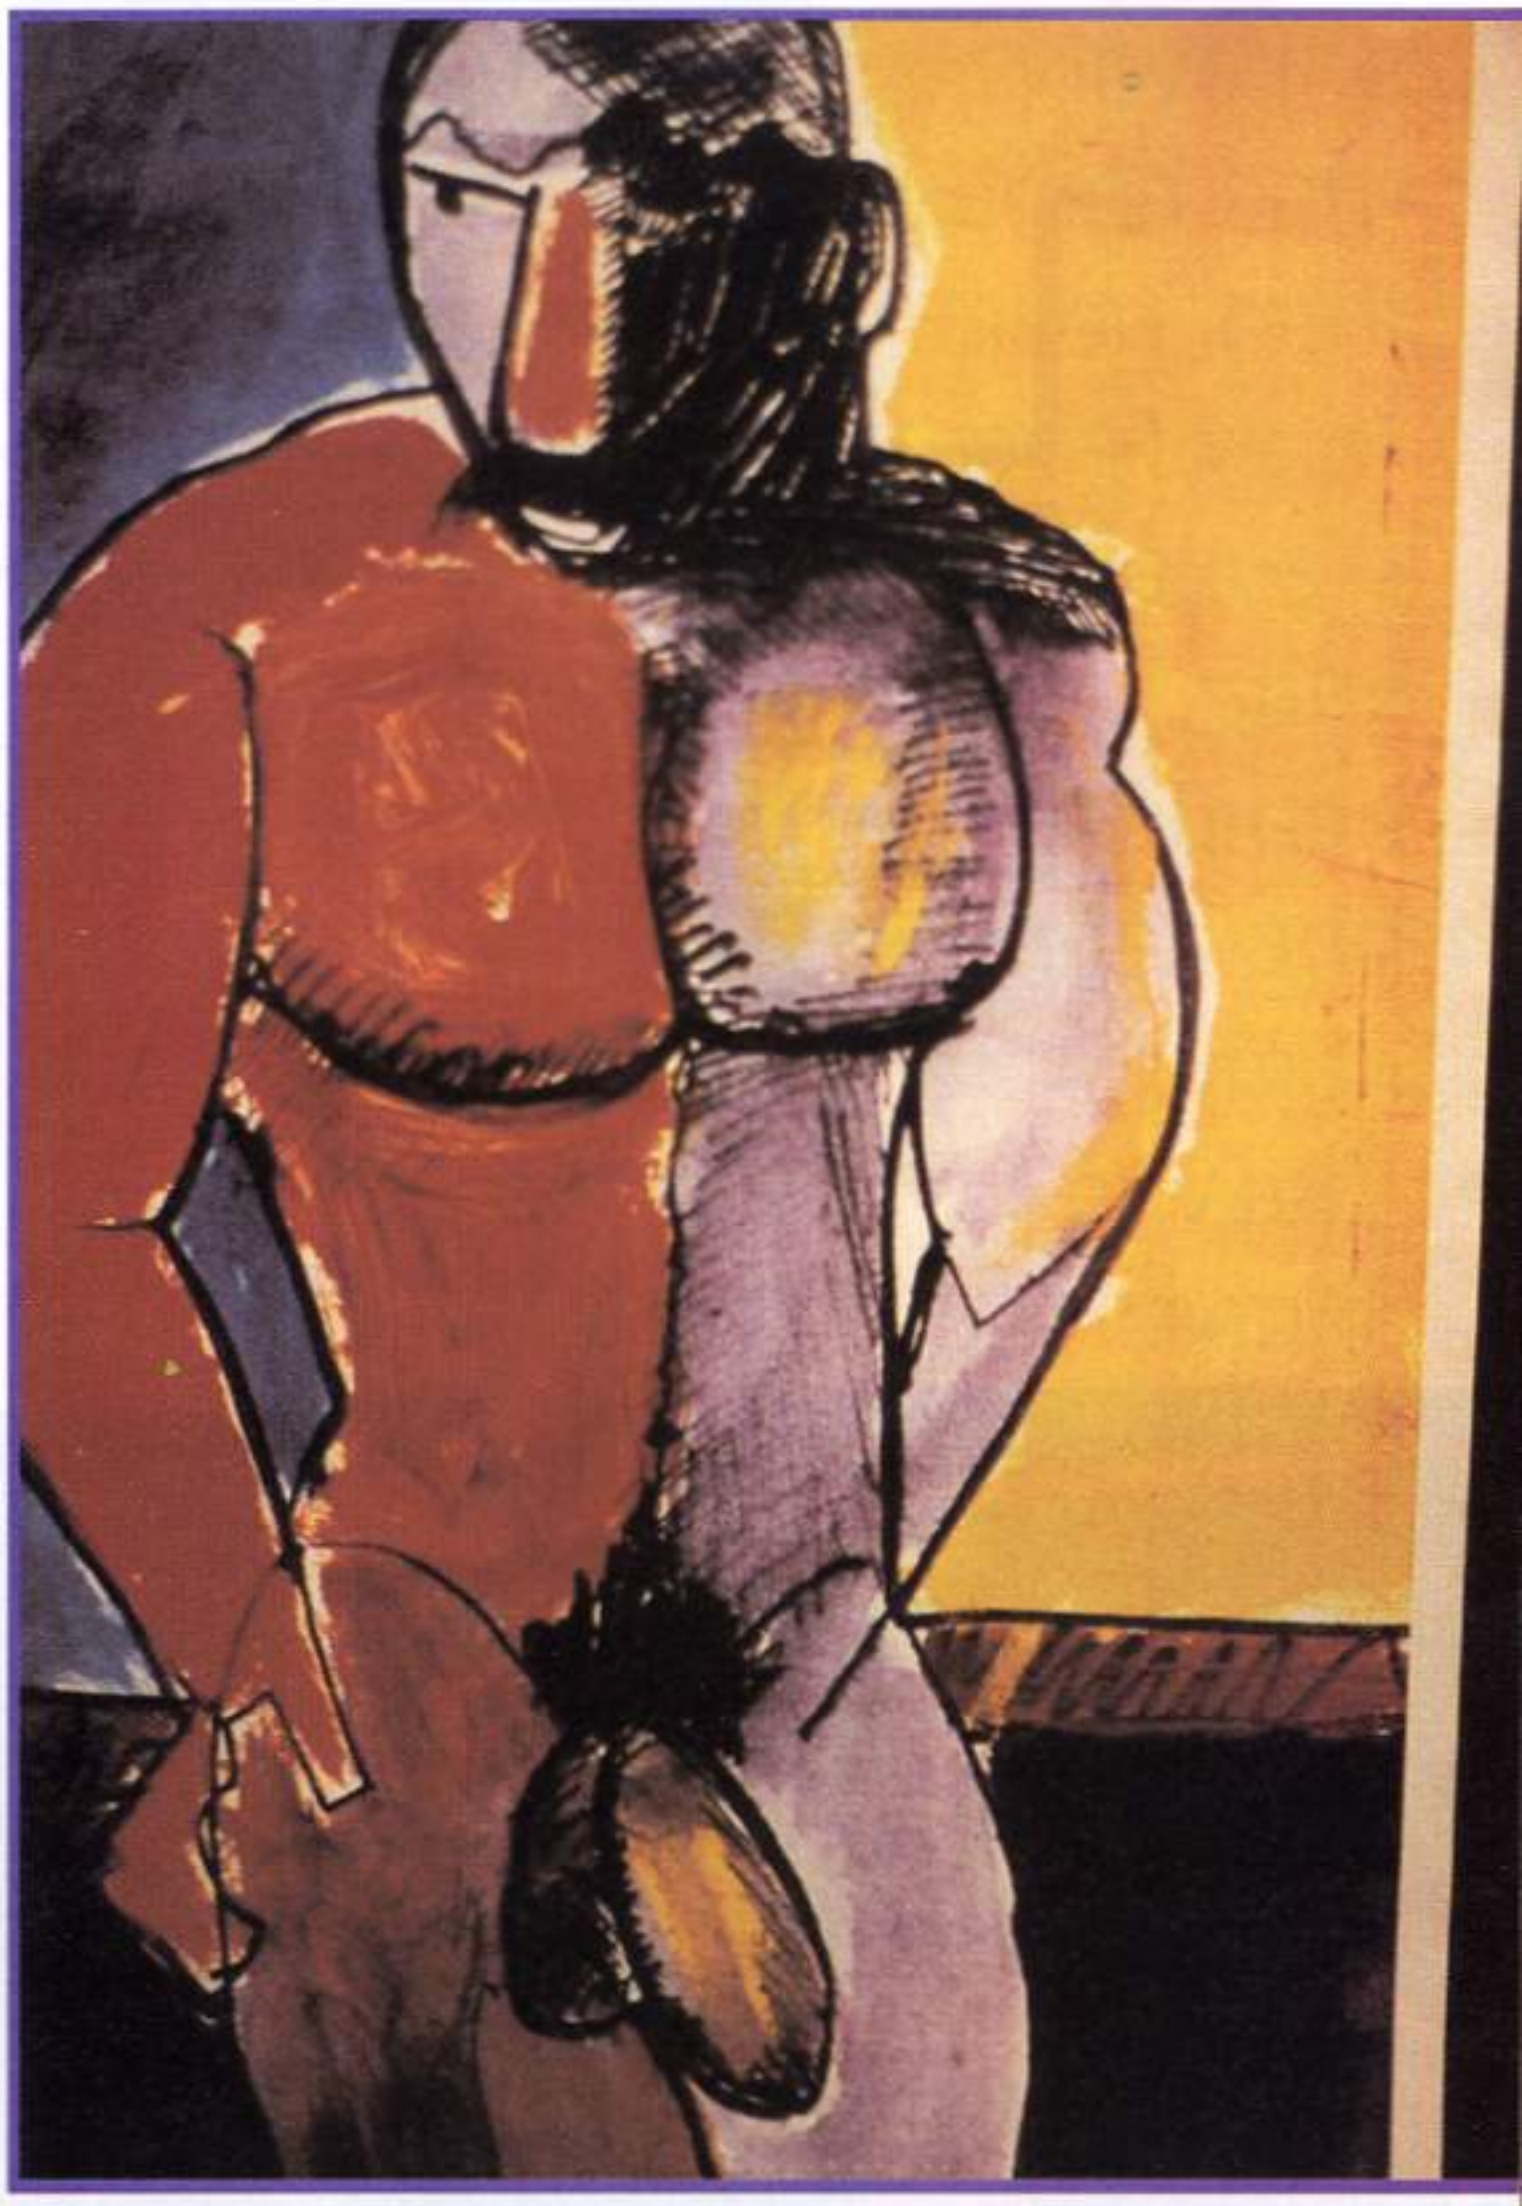
Leach is a man of the moment. When he feels, he reacts. When he reacts he creates. When he creates he is finally true to his nature. One night after a long stale evening of drinks in countless bars along Christopher Street; Leach found himself home trying to harness a surge of creativity. What he was experiencing wasn't new however his actions were. Leach for the first time in many years picked up a pencil and began his first sketch. The energy he felt was unrecognizable, as the muse of the moment guided his hand. The entire night Leach was awake.

The morning brought the next day where Leach, excited as a child, took his creation to a local watering hole. With intentions only to show his friends and colleagues, Bob Leach found himself in the middle of a proposal. "I'll give you twenty bucks." It was all Leach had to hear when finally he realized, like some great epiphany, "Hey I'm an artist."

The epiphany was partnered with his own inner voice and visions. Prophetic messages told him in the silence of his room that if he was going to be an artist he should be on the cutting edge. The same voice hinted to Leach about a partner he would meet and travel with by music. Leach stood back from all which had transpired in the past few days and prepared himself for anything.



"As early as I can remember, the words What, Why, and Where were burning questions. Education, travel, and living with the diversity of humanity sharpened my curiosity. It has enriched my life and my art."



Shortly after, Leach met Lee Genesis, a Jazz musician trained in Gospel and blues. Genesis was the envisioned partner Leach had conjured in his mind just months before. Genesis and Leach left the states along with an ensemble to tour Europe. Leach sat in the orchestra pit sketching, while the music possessed him.

Next. The Metamorphosis. From Europe back to Manhattan, Leach was finally left unfettered. All his inhibitions left and Leach began to sketch and paint; experimenting with several mediums and ideas.

"I love the human condition, be it positive or negative. I paint human faces and human environments.Differences among people, like differences in nature, are a constant source of wonder and inspiration for me." ***Bob Leach.***

Leach's style is recognizable by it's vibrant colors in acrylic, painted over photographic images. A real sense of collage. Currently Leach is still working with Genesis on a collaboration of music and art soon to be available on cd. Leach is currently active in many charitable events where he donates a portion of the sales to charity. In the past Leach has contributed to Sotheby's and Wings Theatre's fund raiser, "God's love we deliver". His work has shown at Gallery 13, New York: Skyline Hotel, New York: Boots and Saddles, New York and in Dresden, Germany.

When Art Imitates Life. Bob's biggest inspiration comes from everyday sightings. Usually ethnic, sometimes pretty, but always with an edge; Leach chooses to work from life. He believes his art has transcended all the changes that have taken place within his community and stands alone as an artistic rendering of his experience.

ing. His cock swells even more. Victor's hips begin to move rhythmically and his thick thighs flex. His groin throbs and he cums wildly and in heavy, cream spurts. His young man juice courses into a tube filled with warm saline solution. One spermatozoon leads the rest, pulsing through the warm slime toward the pearlescent light of the amniotic chamber. The men observe the spermatozoon's progress by electron microscope projections.

"He sleeps and dreams of Hector, rotting in the humid, July sun along some Long Island roadside, probably being blamed for the double murder, then murdered himself..."

"There's our man," Victor says wickedly.

The device, a clear lucite cylinder, has a floor of lens-smooth polished onyx. Gaseous blue mist fills the tank as multicolored powders, components of the body, elements of earth, swirl and flow on warm air currents. Molecules dance, find partners, and arrange according to distantly remembered diagrams.

A blinding column of light flashes and pulsates, then dim until Victor, Clerval and Hector can look directly at it. A humanoid skeleton occupies the cylinder. The skeleton is transluscent and looks like crystal. It moves, alive. It turns its pelvis, raises its arms.

The crystal skeleton becomes webbed about in a milky substance that slowly takes the density and tone of human flesh. The creature is an exact replica of Hector. A clone, minus the thick bush, so far, at least.

The clone's arms slowly rise and fall. Pubic hair how in place, he has become a man. The sound of his breathing fills the laboratory, amplified from microphones taped to the plexiglas cylinder.

"Bring the lights up," Victor instructs.

Heat lamps bathe the creature in an putrid, orange glow. His skin is caked with a delicate cum-like, white crust–residue of the amniotic fluid. Victor turns a valve, and gentle jets of soapy water wash the crust away. The creature stretches his mouth to the showerhead, then coughs and spits.

Victor grabs a microphone. "Keep your head down!" he says. Then, to Clerval, "He might have killed himself by accident."

The creature smiles. He examines his skin and veins while the head lamps dry him. "I have come," he says. The voice is hard and clear. He traces the contures of his body with fingertips. Hector cries out in confusion at seeing his body reproduced before his eyes, spun from blue ether like so much cotton candy. He lurches forward in panic.

"Keep that fool back!" Victor shouts.

Clerval and Victor struggle to restrain the still naked Hector, who flails his arms and screams unintelligibly. A table-edge cracks his skull and his blood splatters the white tile floor. "Damn," Victor sighs. "Another mess, another fucking mess to clean up."

A few drops of blood sprayed the lucite amniotic tank. For the creature, Hector's death occurs silently, a brief disturbance in his field of vision. He tries to give Victor and Clerval his attention, but sees only their auras, which appear to him as grotesque gnarled root systems lacking symmetry and light.

"Get this corpse out of here," Victor says, sorely disappointed he was unable to perform nasty sexual experiments on Hector while he was alive. Now that he was dead, the experiments would never come about. Victor liked his cocks hard for the right reasons.

"I have come," the creature says.

Victor speaks into the microphone. "Your name is M," he announces. "You are very," Victor finds himself clearing his throat in amazement, "*very* beautiful."

"Beautiful," M repeats. Indeed he is.

The lucite cylinder retracts into the floor, leaving M standing in a column of vibrant green light. Victor takes M's hand and leads him from the laboratory into an adjoining bedroom.

"This is your home,"Victor says, "All this is yours." He shows M a well-stocked wardrobe, then turns on the bathroom light like a hotel bellman.

"His eyes," M thinks, "are the only part of him that seems alive." He sniffs the fowl air. "There is a woman here," he says.

"Elizabeth, my fiancee," Victor answers. "She is walking on the beach. She will be more than delighted to meet you."

"Where is the other one?" M asks.

"Clerval?" Victor says.

"The one like me you killed," M says. "It is my first memory."

"You are mistaken," Victor thunders.

"No!" M clenches his fists, "Bring him back!"

"Absolutely not," Victor says in a calming voice. "It's not possible. We are scientists, and to bring him back is beyond our abilities at this time." His eyes blaze angrily then Victor checks himself and continues gently. There are things you don't understand. Things that...elude you. You will be given a proper companion in good time. A proper female mate. Until then, you may use your...energies upon my fiancee."

M stares blankly.

"I am not a jealous man,"Victor says, secretly pleased at the prospects.

Elizabeth returns to find M sitting naked in front of a full-length mirror, examining himself intently. His eyes meet hers in the mirror, but he does not turn around.

"One of Victor's rare successes," she says, her eyes drawn to the thick monster cock hanging between M's legs. She throws her beach towel across the bed and slips nonchalantly out of her bikini. The bra falls behind her as she goes into the bathroom and turns the shower on full blast.

M sniffs the towel, rubs its salt wetness into his crotch, then lies back across the bed. Elizabeth reappears drying herself. She smiles at M, then lies beside him. Her touch is cold as she kisses his nipples, then his mouth. A flash of light explodes in M's eyes. He sees Victor's face superimposed over that of the naked bitch. He covers the face with a pillow. Elizabeth

"Jeezus, M, don't suck so fucking hard!"

continued from p.65

kicks and struggles, bitter and hostile. This wasn't the type of fucking she had in mind. Unfortunately for her, M is thinking the exact same thought. He tosses her lifeless corpse out the window like so much trash.

M dresses from the wardrobe. Jeans, hi-tops, a cable-knit sweater. Stylish. He leaves the room and wanders along a passageway until he finds Clerval in the kitchen slicing roast beef for a sandwich. Clerval defends himself with the butcher knife, but M takes it from him and plunges it into his chest so hard his fist punches through the body cavity and out through Clerval's back. M drops the knife to the ground and pulls his fist back through the limp, twitching remains of Clerval. *Wimpy evil man,* M thinks to himself.

He carries Clerval's limp body through the house until he finds Victor. He raises the corpse above his head and throws it across the room, knocking Victor backward into a shelf of crystal goblets.

"There," M says. "Now you are alone."

M runs from the house and across the irrigated lawn. A snarling Doberman guard dog leaps at him. The dog howls horribly as M rips out its jaw and disembowels the once ferocious beast through it's throat. He was getting this anatomy thing down pretty fast.

He casually throws the lifeless dog against a tree. He leaps a wooden gate and finds himself on the bench. He runs until he is exhausted, then lies face down and falls asleep.

M is awakened by a hand probing his ass. The morning sun is new, its rays just beginning to warm the beach. M looks up to see a young man in his very early twenties with lank blond hair kneeling in the sand folding M with one hand and jacking himself off with the other. M rolls the faggot onto his back; he sucks his cock until he moans and starts to pump his hips. The young man gasps as M's fist brings him off. Semen glistens in the sand and on M's wrist and face.

M crawls forward until his own dick is near the boy's parting lips. Under the tight denim, veins like fine tree roots begin to fill. The boy reaches inside M's pants and rubs the enormous tight hardon with warm, dry palms. He opens the jeans and works M's balls loose. M gasps and bites his lower lip as his scrotum scrapes zipper teeth. The penis slides into the boy's throat. Inside the slippery cavern, M builds a rhythm. He holds the boy's head gently, fucking deep into him. The boy's eyes blink and water. M pulls out, groaning and fucking air, then plunges his beast back into the young man's face. A hot liquid arc bathes the boy's throat. Pulling out, another jets across his forehead. Another in his silky hair. M finds a curious freedom with this young man. He is neither annoyed nor repulsed. He is attracted and sexually aroused beyond the now past exchange. The boy laughs and lies back with a smile of satisfaction. M decides to kiss him, undresses and plunges into the cool salt surf. He twists and dives like a porpoise. When he returns to the beach, the boy is gone. M is not happy about this.

M finds the blacktop road and sprints along it until it joins the state highway. He hitches one ride, then another. A third driver takes him through the Midtown Tunnel to Manhattan and leaves him in Sheridan Square.

M's memory delivers vague images of Hector's final days. He decides to retrace the path that led to his double's death and his own creation. He recalls a hot kissing at a penny arcade photo booth, sex on a tarred hotel roof high above the city, a subway ride. He sniffs the air, then heads down Christopher Street. M finds things oddly familiar and slows his pace. As he passes a corner bar, someone calls after him. M turns to face a young man with straight brown hair and smooth skin, pale blue eyes.

"Hector," the young man blurts out. "I've been looking for you."

"I...I lost my papers," M says, unsure of his own meaning.

"No you haven't, man," his companion says. "It's all at my place. Your passport, Your gear. You left it there." He produces an envelope. Inside is a yellow card with Hector's picture on it. "You wanted a gig," the young man says. " I got you one. You ship out on the *Eleanor* Tuesday. You're going to Amsterdam, my man."

"Your name is Richard," M says.

"No news to me,pal," Richard replies. "That old dude we were drinking with really got you juiced. I haven't seen you that gone since we got 86'd off the *Riga* for fucking in the wardroom. Man I miss that cock. Gotta have it again, you know Hector. Gotta have it up in me like that again whenever you're game."

"Do you know what's happened to me?" M asks.

"I was going to ask you," Richard says, "What's with the cum all over your face. God man, be a little discreet and clean up your act."

The apartment is a walk-up on Greenwich Avenue. It has an alcove bedroom that overlooks a church.

"I feel like we just met," M says coyly with a monstrous grin.

"Let me refresh your memory," Richard replies, grabbing M's hand and sliding it down the back of his pants, easily sliding three fat fingers in his spit prepped slit. He desperately needs Victor's cock in his ass. M's cock. Fucking him.

In bed, their naked bodies writhe, their stiff dicks probing one another's belly, scrotum, ass. M discovers he enjoys the feeling of a man's ass sheathing his prick. He likewise feels Richard's cock thrust into his hole. In and out Richard slides his prick and M shivers at the incredibly fresh experience. M discovers he likes being hosed. Maybe more than fucking. Richard's condom is patterned like jungle camouflage. Richard licks M's shoulders, nuzzles his neck as he fucks. Pent-up tension flows from M's body as his trick's rhythm takes over his powerful body. Richard takes it out; M turns and their mouths meet fiercely, hungrily. Their two dicks join in the bushy tangle down below: not slick but frictional, almost hurting. Then release. Both men come straining against each other's strength. M is afraid Victor Frankenstein's face will explode in his own at any moment. But greater than the fear is the desire to forget. The faggots lie entwined, mingling breath and sweat. Richard is soon asleep in M's firm embrace.

M sleeps and dreams of Hector, rotting in the humid, July sun along some Long Island roadside...probably accused of double murder. M awakens with a chill and struggles to keep Victor's face from flooding his consciousness. He prays he will not need to kill again. He buries his head in his trick's crotch and sucks his thick meat down his throat in still comfort.

"My favorite porn star ever is Chad Knight. He's been in a lot of videos, but no matter how many times I see him, his performance is always fresh and way hot. He has the most incredible asshole. He gets fucked by everybody, but he still stays tight, or at least his fucking hole isn't hanging out or nothing..."

•••

"...he's blond, smooth and probably my most favorite of all time porn stars. His name is Chad Knight and you've had him in a lot of layouts. Maybe it's just me, but it seems like he's different in each one...."

•••

"Back in the beginning of his career he was really blond, then, in more recent videos, he's let his hair go back natural. His name is Chad Knight. He's so pretty he could be a girl, and his ass is so fucking fine, literally, that I dream of the day I could just bury my face in and smother in his slit just breathing him in..."

•••

"You can tell that Chad Knight is a real cool guy. You can ready his body language in all the videos he's done. He's really sweet, I just wish I could meet him some day..."

•••

"I had to pick one man with whom I could spend the rest of my life, and it were a porn star, it would most assuredly be Chad Knight. He's just perfect. His face, his body, his cock, but most importantly, at least to me, is his perfect, make that purrrrfect, ass. I'd melt on him like butter if I had a chance, and I'd use it to ram my cock up to the nuts in that ass, too, just give me a chance!"

•••

"Chad Knight seems to be in a lot of videos these days. I love to watch him get his little ass fucked. He rides those cocks so smooth and steady. You can really tell he loves it. He Just loves those cocks up in that pretty ass. Well, who could blame him. He's had some fine dudes plowing his tender loins, if you've ever watched a video with him in it, you'd know exactly what I'm talking about. You guys should throw a contest and offer Knight as a prize. I'll bet your voter turn out beats the presidential elections! Give it a try, I'll be there to respond, you can bet on that one!"

•••

"...just give me fifteen minutes between the legs of Chad Knight and I'll give him a lifetime of tongue lashing. His fine, fine hole is so hot, and believe me, I'm a bottom, that I get hard just watching him grease it up and slide down all those hot, hot cocks..."

•••

"...there should be a fan club for Chad Knight. And if there is please let me know where to write. I wonder if he'd be interested in trading pictures. I've taken the liberty of enclosing some of me nude for your reference. What do you think?"

•••

"...The next time you do a shoot on Chad Knight, tell him there is one fan in Dallas, Texas that would sell his lover's lungs to have breathe five minutes between his hot, way hot legs!"

•••

"I have just one fantasy. Spending the rest of my natural life with Chad Knight. I know that it's a ridiculous dream, but for some reason I just can't get him out of my thoughts. Every time I find out he's in a video I have to have it. I play it over and over and over until the fucking tape explodes in my VCR. Chad, if you're out there and listening, I love you!"

•••

"...Chad Knight's okay, but I've seen better. I mean, I think he's a bit over done, you know what I mean? How old is he, anyway? Shit, he's been doing videos for years. He's got to be at least 25 or 30 or something...isn't he? Don't get me wrong, I think he's hot. I mean, I wouldn't kick him out of bed for eating crackers or anything like that.!"

City Scene

À LA BIG APPLE PAR FRED MEYER

My new boyfriend and I were wandering the streets of the village aimlessly this past Monday night looking for some mindless entertainment. Go-go boys are okay; but, how many showers can they take before they dissolve? And what are the chances they're going to dissolve in or around me once I leave the bar? Slim at best. The plot thins. Then suddenly my new beau's eye light up as we approach the south side of Sheridan Square.

The place is called *Nuts and Bolts*. It's new, at least new to me. It's nicely decorated, clean and the minute you walk in you know you're going to stay a while and have a good time. Call it vibes, call it being sick of every other been-there bar in the village. Just the same, we went in.

This was a Monday, and the place was hopping. The cause of the commotion? Headgames, a live game show hosted by one of the funniest queens to which I have ever been grated audience. Miss Tammy-Faye Whynot. This show was a scream...and the scenery wasn't bad either. According to Tammy, she and her sidekick (the very buff, very blond, partially dressed, dumber than a bag of hair Cowpoke Paul) came up from Hootin' Holler Kentucky to make it in New York City. Make it on stage, and the way Tammy deals with an audience is enough to make you whistle Dixie. One poor woman (a real one, believe me) got so out of hand, that Tammy had Cowpoke tapes her pie hole shut with duct tape...then they cut a hole in the tape so she could "still enjoy her fortification." What a hoot!

The show is gay/straight friendly (tammy says, after all, without straight people she'd have no one to date.) Men/women friendly (two favorite categories in the trivia round are "laughs with Lesbians" and "Fun with Faggot," during which we heard some of the funniest politically incorrect jokes around.

And you don't want to miss Tammy's stories about back home in Hootin' Holler. Particularly those about the Reverend Felcher and the every other Sunday Baptist Church group. All of this is topped off by the fact that the girl can sing to beat the band...and she gives out great [prizes, to people on and off the stage...including a sizeable bar tab, and fun Tammy Whynot merchandise. The show's a for sure see.

DONAL HOLWAY

Tammy-Faye Whynot with dummer than a bag of hair Cowpoke Paul at *Nuts and Bolts* Lounge, 101 Seventh Avenue South at Grove Street. 10PM, no cover Mondays.

Tammy Faye Whynot

"I didn't win the bar tab or the glamour mirrors or fortification slippers, but I had a great Monday night at the all new *Nuts & Bolts* lounge."

She can sing (her own voice, and not a bad one,) she gives out great prizes, she's sharp, she handles even the roughest, nastiest crowds with smooth, Kentucky style charm, and the best part is she's really, really funny...a must see in the City...

HELP IS ON THE WAY, WHAT SHOULD YOU DO WHILE YOU WAIT?

After you've called for help, what should you do next?

- Stay calm. Follow the emergency operator's instructions.
- Don't move someone who is hurt unless they are in danger. Keep them warm and comfortable.

- Make it easy for the ambulance driver to find you—mark your location with a bright cloth or lights. Send someone to meet the ambulance.

EMS stands for Emergency Medical Services. They know how to handle emergencies. Know what to do until they arrive.
